CORO, TEMPO DA VIVERE IN LIBERTÀ

Le cose hanno un valore quando servono per vivere. Vivere meglio. La raffinatezza può identificarsi con la semplicità, o la ricchezza con la più essenziale delle forme. Sono maniere diverse di rappresentare l'idea di bellezza. E un bell'oggetto avrà sempre la qualità di arricchirci. A noi importa il tempo che viviamo, al meglio delle possibilità, secondo una personale idea di libertà. Lo vogliamo pieno di energia, vivo di sensazioni, nostro. Dare una forma al piacere di vivere: sotto questo segno cresce il marchio Coro. Lavoriamo per creare oggetti capaci di valorizzare il tempo, oggetti che accompagnano i ritmi diversi della giornata. Ognuno di essi è una nota della nostra maniera di stare al tempo, di inventare la musica del momento. Nel concerto degli elementi che a noi si intonano. Mobili in senso proprio, che stanno bene dovunque, in casa e in giardino. Libera interpretazione del tema interno/esterno.

CORO, TIME TO LIVE IN FREEDOM

Things are precious to us when they allow us to live to live better. Sophistication is simplicity, and richness is minimalism. These are different expressions of beauty. And beauty will always enrich our lives. Moments when we live life to the full, according to our own personal concept of freedom, are important to us. We want those moments to be energised, sensual, ours. Coro keeps giving form to the pleasure of living. We create things which enrich time, which accompany the changing moods of every day. Each object sounds a note in our manner of keeping to the rhythm of time, inventing music for each moment. All as part of the concert of elements resounding in tune with us. It is furniture in the real sense, which can go anywhere, inside or outside. A free interpretation of the interior/ exterior theme.

CLEA

design Matteo Nunziati

Quando abbiamo voglia di evadere, di riposo, di liberare la nostra mente, ci basta aprire una finestra e immergerci nel paesaggio dei nostri sogni. Un angolo della nostra casa, il nostro terrazzo o il giardino sono gli spazi dove ricreare i momenti di serenità del nostro tempo libero.

When our main desire is to break out, to take a rest or relieve our mind, sometimes it is enough to open a window and enter into our dreaming landscape. An angle of our home, our terrace or the garden are the places where we create moments of calm of our spare-time.

NEST

design Stefano Gallizioli

Un divano in versione angolare, che diventa rifugio accogliente come un nido, dove potersi sdraiare. È arricchito da morbidi cuscini per un maggiore comfort. L'elemento caratterizzante è lo schienale in tubolare, la struttura è in acciaio inox satinato, rivestito in PVC rinforzato nylon. Può essere completato da un pouf quadrato, creando un angolo chaise longue o dall'accostamento di due sedute, per una scenografia elegante. Possono essere interpretati in versione monocolore o con abbinamenti in contrasto, attraverso la gamma di tessuti per esterno che li rivestono.

A corner sofa, that looks like a welcoming nest where to lie down in, with some loose cushions placed on to make it even more comfortable. Satin stainless steel frame, covered by reinforced PVC nylon cord on the backrest. The sofa can be combined with a square ottoman to create a chaise longue or two seats, for creating an elegant sitting. Covers and cushions are available in a single colour or in different colours with a special dedicated fabric for outdoor use.

SABAL

design Matteo Nunziati

Il rapporto oggetto - ambiente è diventato sempre più importante per determinare la qualità di quello che “disegniamo” e “progettiamo”: usare il tratto leggero permette una creativa fusione di gusto ed equilibrio.

Non vogliamo semplicemente produrre un elemento, vogliamo vivere con esso.

The relationship between an object and its surroundings has become increasingly important in determining the quality of what we “design” and “plan”: using a light touch ensures a creative mix of good taste and balance.

We do not simply want to produce an item of furniture, we want to live with it.

Divano lineare 240 dx-sx tavolino cuscino laterale
Linear sofa 240 dx-sx side cushion and table

COCOTTE

design Ilaria Marelli

Morbida e divertente Cocotte, con un rivestimento bicolore e bottoni che ne accentuano l'aspetto giocoso, si caratterizza per la sua flessibilità modulare e per la cura dei dettagli sartoriali.

The soft and funny Cocotte, has a two-tone covering with buttons that emphasize the playful look. Cocotte stands out for its modular flexibility and tailored details.

JUBEAE

design CDC

Un oggetto è un mezzo per personalizzare ancora di più la filosofia della vita, la ricerca del materiale e delle forme per identificare sempre più il proprio obiettivo tra ispirazione minimalista e creativa emozionalità per proseguire il dialogo, molto trend tra outdoor indoor.

An object which represents the means to add a further personal perspective of the philosophy of life, the research into materials and shapes, to guide towards an ever - increasing focus on its own objective of formally linking together minimalist and creative sensitivity, in order to find the consensus between those who wish to explore further the highly modern trend for a dialogue between indoor and outdoor spaces.

Armchair

SG 1

design Stefano Gallizioli

La collezione prevede sedie con e senza braccioli, poltrona, divanetto, poltrona a dondolo, sgabelli, chaise longue, amaca e lettino caratterizzate dalla struttura in acciaio inox satinato. Seduta e schienale in tondino di PVC rinforzato nylon, cordino acrilico o in doghe di poliuretano rigido in diversi colori.

The collection offers chairs with or without armrests, armchairs, sofas, rocking armchairs, stools, chaises longues, hammock and sun loungers, characterised by their satin stainless steel frame. Seats and back rests come either in reinforced PVC nylon cord or stiff polyurethane slats in different colours.

LIVIS

design Matteo Nunziati

Quando si vuole vivere con intensità lo spazio esterno, si associa immediatamente l'idea di confort e funzionalità.

I tratti degli oggetti assumono qualità espressive ed intense, adatte a trasmettere un feeling tra l'uomo e il cosmo che lo circonda al fine di mixare le due realtà in modo trasversale.

When one wants to experience outdoor spaces to the fullest, the idea of comfort is associated with functionality. The features of the objects assume expressive and intense qualities, useful to create a feeling between the man and the surrounding cosmos. In this way, these two realities will blend together entirely.

Chair

FELLINI

design Stefano Gallizioli

Interni ed esterni, tra questi ambiti si svolge la trama di un film, o il succedersi dei tempi, in un alternarsi di sequenze e di situazioni. Ciascuno ne dà la più personale interpretazione. Noi pensiamo che la scena mobile della vita, in casa o all'aperto, chiedo una regia dinamica, sensibile ed al tempo stesso rilassata. Per questo abbiamo dato il nome di Fellini a una linea che ha come motivo portante la rielaborazione in acciaio inox della tradizionale sedia da regista per ampliarsi in una collezione di sedute. Novità del disegno, tecnica costruttiva e varietà dei materiali tradotte in comfort e versatilità. Di valori concreti è fatta "La dolce vita".

Indoors and outdoors, the plot of a movie, or the passage of the time, takes place between these two scenarios alternating scenes and situations. Each of us gives his own personal interpretation. We believe that the mobile scene of life, whether inside or outside, requires a dynamic, sensitive and, at the same time, easy-going direction. This is the reason we have given the name of Fellini to a collection which has as its main theme the revamping of the traditional director's chair in stainless steel and which develops the seating collection further. Innovations in design, construction technique and variety of materials translate into comfort and versatility. From solid values comes "La dolce vita".

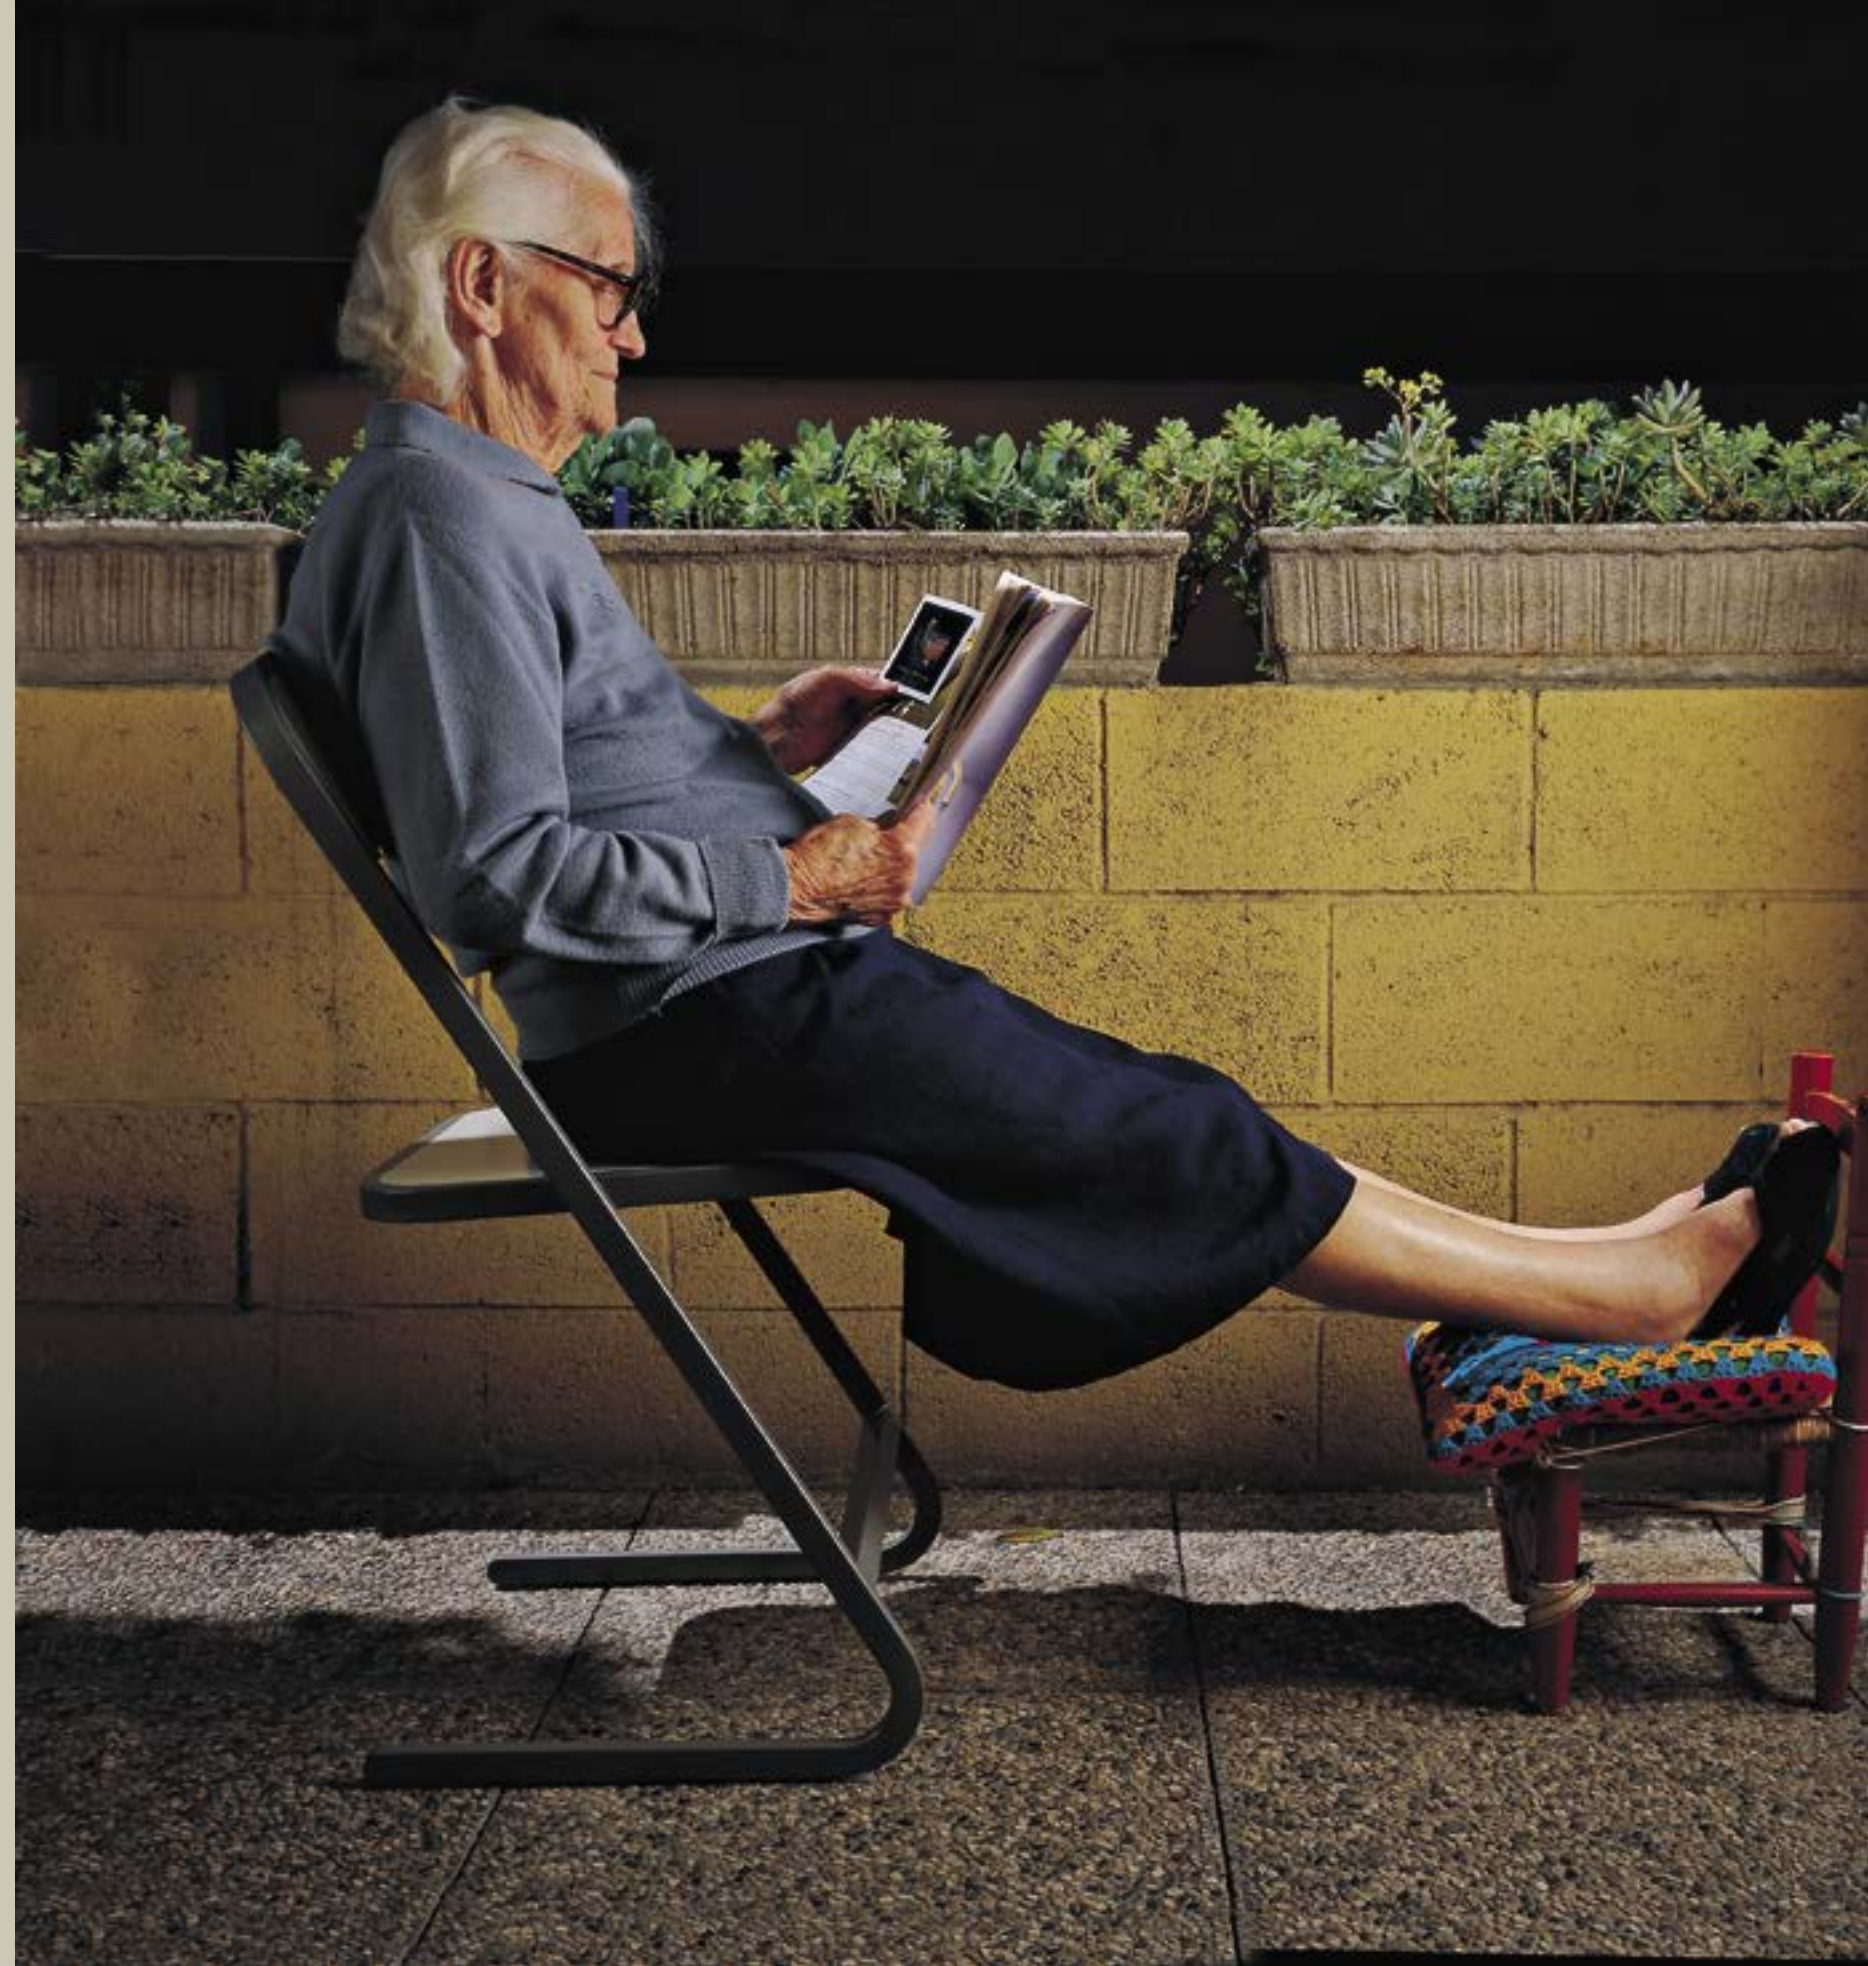

Sedia
Chair

ZETA

design James Irvine

Stare insieme è un piacere che si traduce nel piacere degli altri. La ricetta per rendere conviviale un momento di incontro non può che essere personale. Di certo, nel gioco degli elementi che si combinano per creare un ambiente informale, gli oggetti hanno un ruolo essenziale: presenze opportune e discrete, supporti gradevoli e adattabili al contesto. Così abbiamo voluto ZETA, la linea che realizza un criterio assolutamente originale di mobile pieghevole e riponibile. Sedie e tavoli che si installano e si rimettono a posto con sorprendente facilità. Perché ordine e disordine sono composti dagli stessi elementi. Diversamente disposti.

Togetherness is a pleasure that is found in the pleasure of others. The art of making a shared moment cherishable is nothing if not highly personal. One thing is sure: in the masterful combination of elements that create an informal ambiance, objects are paramount: they need to be appropriate, discreet and pleasant props that adapt to the context. This is why we wanted to make ZETA, a line that embodies an absolutely original idea for fold-and-stow furniture. Chairs and tables that are amazingly easy to set up and put away. You see, order and disorder are made up of the same elements. Just differently arranged.

Stackable folding chair

Tavolo quadrato-rotondo
Square-round table

L3

design Sergio Brioschi

Comfort e benessere per migliorare il tempo da dedicare alla vita privata. Design minimal e leggero gli aggettivi per questo prodotto caratterizzato dalle linee arrotondate, per rilassarsi e giocare con la fantasia leggendo piacevolmente un libro. L'emozione sensoriale nei colori, nei tessuti e nelle forme, è un gioco di oggetti che si armonizzano per unire sempre più indissolubilmente l'esterno con l'interno e viceversa, il desiderio di sostare, di riposare, e stare con gli amici, la nostra vita di relax.

Comfort and well-being to improve your free time. Minimal and light design these are the qualities of this product distinguished by its rounded lines, for relaxing and playing with fantasy reading a book. The sensory emotions of the colours, textiles and forms is an interplay of objects that harmonise to combine ever more inextricably outdoors with indoors (and vice versa) the desire to stop, rest, spend time with friends and enjoy relaxation.

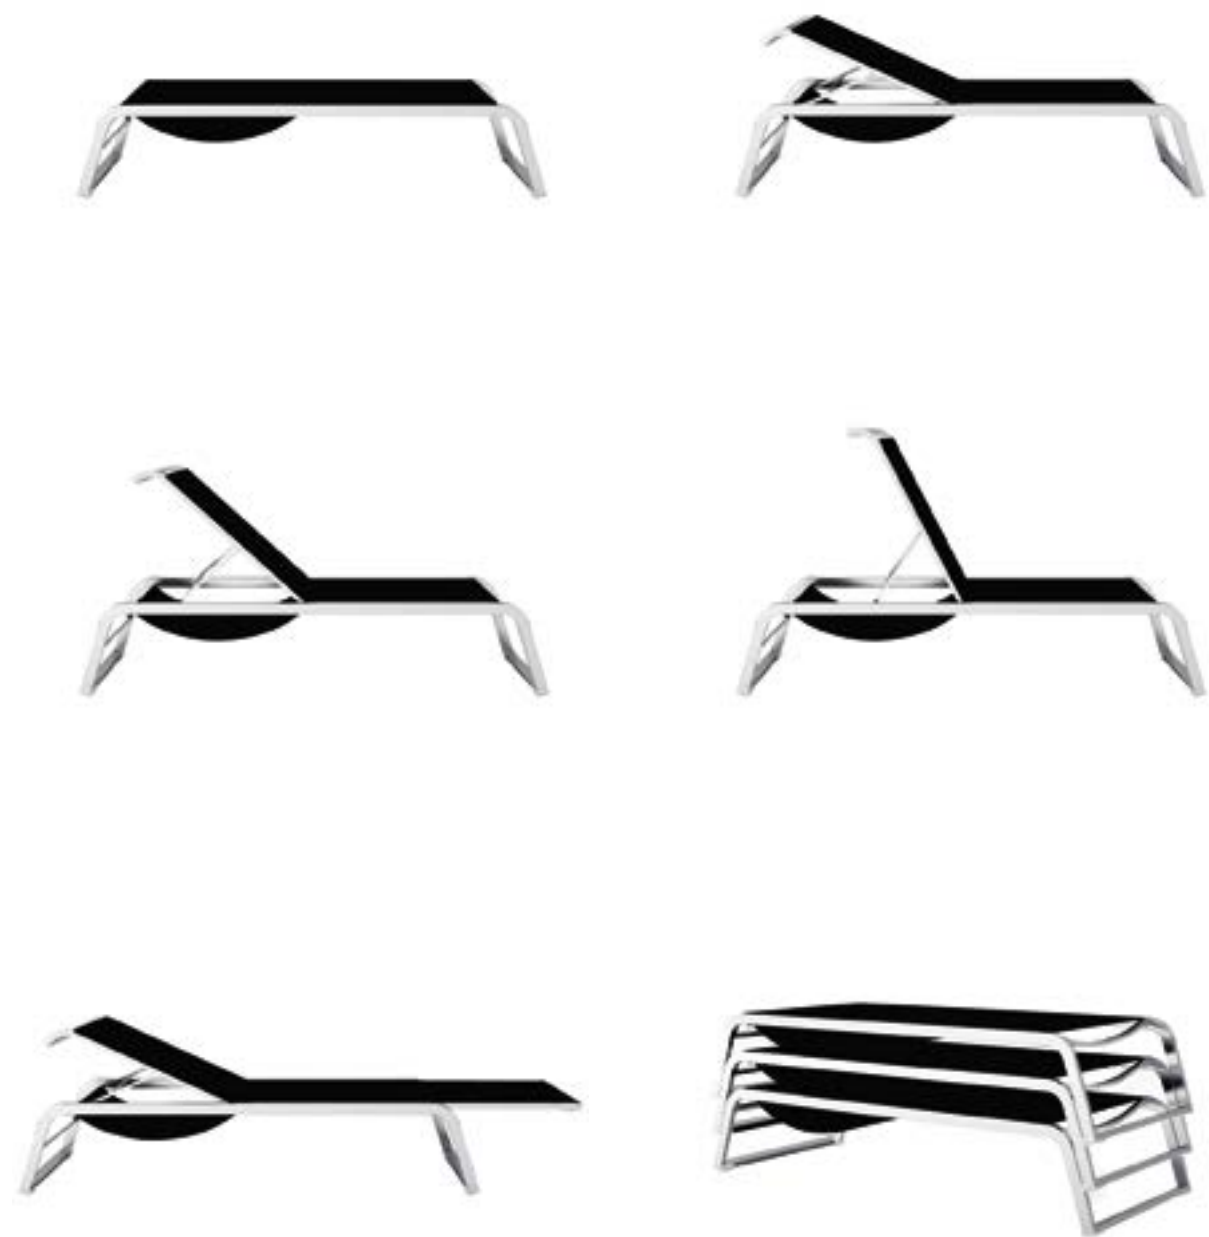

Lettino impilabile
Stackable sun lounger

BOOMY

design Matteo Nunziati

Boomy esprime la ricercatezza nel trovare forme, texture e colori che coniugano la contemporaneità e l'artigianalità creando icone attuali che sono il connubio del bello e della qualità. L'incrocio, le linee, il dettaglio, il tratto, tutto permette di creare un elemento che narra di sé e di chi lo ha immaginato.

Boomy expresses the sophisticated pursuit of shapes, textures and colors that combine contemporary life with fine craftsmanship, to create trendy icons that represent the marriage of beauty and quality. The weave pattern, the lines, the detail, the features: everything makes it possible to create an item that illustrates its concept and that of its designer.

Deck chair

LOOP

design Gala Wright

Confortevole, moderna, funzionale Loop ci aiuta a vivere con leggerezza la nostra voglia di riposo e interpreta in modo essenziale, con le sue curve, il nostro desiderio di evasione.

Comfortable, modern and practical Loop helps us live our desire to rest in the lightest way possible. Through its shape, Loop reflects our desire to escape from reality.

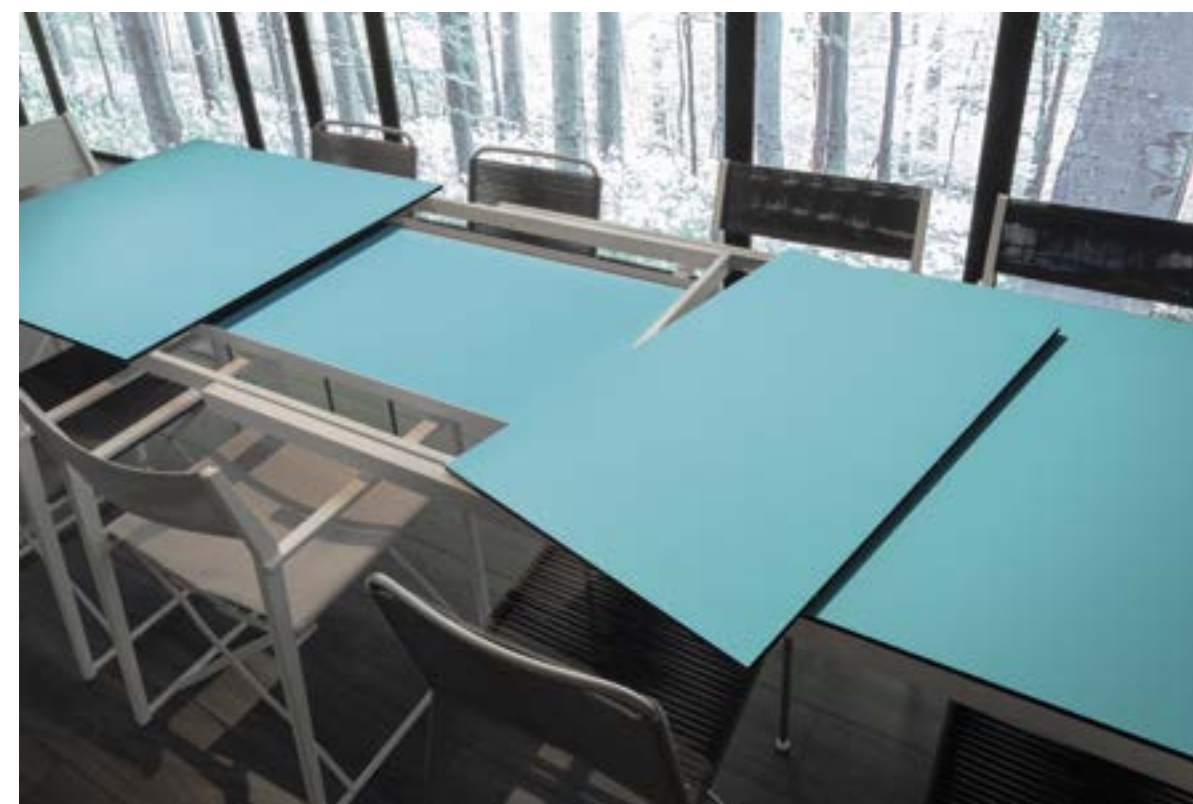

TASIA

design Matteo Nunziati

Nel lineare processo creativo espresso dagli schizzi che poi daranno vita all'oggetto, si innesta la componente concreta della sua realizzazione, privilegiando i dettagli, anche quelli più nascosti, ottenendo così un prodotto che si distingue per la sua forma e la particolarità tattile della sua superficie.

During the linear creative process, expressed by the sketches that give life to the object, the concrete component of its realization takes place. The details, even the most hidden ones, are privileged in order to create a new product, whose shape and particular tactile surface make it stand out.

JOINT

design CDC

Le forme del design dell'arredo outdoor diventano veri e propri codici espressivi del desiderio umano di vivere la nostra dimensione del riposo e della vita all'aria aperta. Il tavolo Joint si inventa e si crea in molteplici dimensioni, modulandosi secondo le varie necessità. La struttura in acciaio si unisce con un raccordo a scomparsa che trasforma la nostra cena a due in una festosa tavolata.

The shapes of the outdoor furniture design become real expressive codes of the human desire to live the dimension of relax and life in open air. The Joint Table is designed to meet every needs by reinventing and recreating itself through multiple dimensions. The stainless steel structure is joined by a special hidden juncture, which transforms our dinner for two into a joyful banquet table.
