

Description

Shower

Designer: Danny Venlet

Typology: Shower-nebulizator

Year: 2003

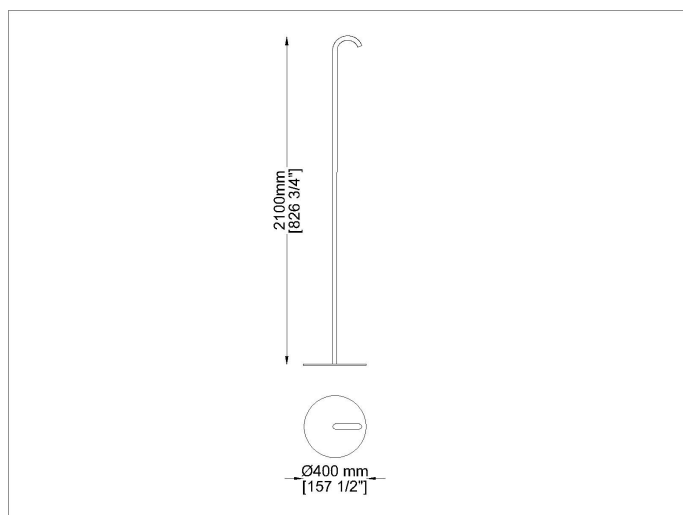

Description:

To complete a decor, sometimes just add an element that can be elegant in its simplicity. The Coro shower is the representation of a clean and linear product totally in steel that can respond to these characteristics; completes a swimming pool or lounge area allowing you with its nebulizing jet to cool off after a hot day spent enjoying the sun in your garden
