

Description

Jubeae

Designer: CDC
Typology: Chair
Year: 2014

Description:

An object which represents the means to add a further personal perspective of the philosophy of life, the research into materials and shapes, to guide towards an ever – increasing focus on its own objective of formally linking together minimalist and creative sensitivity, in order to find the consensus between those who wish to explore further the highly modern trend for a dialogue between indoor and outdoor spaces. Chairs, armchairs, poufes and tables will furnish terraces and gardens thanks to their linear elegance characterized by multiple finishes that can be used to better complement your garden: satin or colored structure, PVC or warmer acrylic cords with different woven to technical fabric proposal that will give you a wide offer to choose the best solution for you.

Technical information:

Frame: steel inox satinized or powdercoated

Interlacing: PVC cord with nylon core (woven codeA3) / Acrylic cord 3 (woven codeB3) or 6 mm with Teflon (woven codeB6)
