

Description

Sally

Designer: Riccardo Giovanetti

Typology: Sofa

Description:

Sally was born from the idea of creating a collection of outdoor furniture that introduces new constructive and formal solutions: a light and elegant aluminum structure is enriched through the innovative design of the cord that enters and exits the frame, creating a new tensile structure. Sally does not represent a single product, but an articulated family that interprets contemporary living with a strong and recognizable sign.

Technical information:

Two seats sofa with structure in extruded and painted aluminum profile. Back and sides with tensioned acrylic long rope. Seat in aluminum. Seat and back cushions available in draining polyurethane or conventional polyurethane.
